

Sanlixin Solenoid Valve

SLC Series Inlet Plastic Solenoid Valve · Normally Closed

This series solenoid valve used for RO machine, coffee machine.

1. Fluid media: water
2. Voltage: DC12V、DC24V ±10% Voltage tolerance , 5.6W
3. Fluid temperature: 0~80℃
4. Ambient temperature: -10~+60℃
5. Working pressure: 0.2~8.0bar
6. Life time: More than 100000
7. Connection : NPT1/4" (PP quick connect 6.35mm)
8. Material : POM PP
9. Seal material: EPDM
10. 25×25mm at bottom base

Technical parameters

Model Code	Orifice	Operating pressure (bar)		Connect	Weight (KG)
		MIN	MAX		
SLC-8	10mm	0.2	8.0	quick connect 1/4" (Φ6.35mm)	0.11
SLC-9	10mm	0.2	8.0	NPT1/4"	0.11
