

Sanlixin Solenoid Valve

SLC Series Outlet Plastic Solenoid Valve · Normally Closed

This series solenoid valve used for RO machine. coffee machine.

1. Fluid media: water
2. Voltage: DC12V、DC24V±10% Voltage tolerance , 5.6W
3. Fluid temperature: 0~100℃
4. Ambient temperature: -10~+60℃
5. Working pressure: 0~0.5PSI
6. Life time: More than 100000
7. Material : PES
8. Seal material: silicon

Technical parameters

Model Code	Orifice	Operating pressure (bar)		Connect	Weight (KG)
		MIN	MAX		
SLC-12	10mm	0	0.5	inlet 2×Φ13, outletΦ12	0.22
